

Visual Content Administrator (Trainee)

The candidate would form part of a team responsible for managing all the visual content on the Thunda.com website. The candidate will review social photographs captured by our field photographers, evaluate their quality, prepare them for upload and capture them into the Thunda.com system. This data administration position requires a strong attention to detail.

The candidate needs to be computer literate and technically inclined. The candidate should also have a working understanding of Winzip, the Windows file system and Internet Explorer. (Knowledge of Apple Mac advantageous.) The candidate should be diligent, cheerful, motivated and hard-working.

A knowledge of HTML and Photoshop is advantageous.

To make application, please send your CV and covering letter to hr@thunda.com.
